If any medication is coming into camp, it must be accompanied by a note. The note should state the recipient's name, the medication name, amount to be given and time to be given. Prescription and "over the counter" medications must be in original, labeled bottles or containers. For prescription drugs, pharmacies will provide a duplicate empty bottle which is labeled and can be sent to camp with the medication. These rules apply to overnight and late stay medications as well as daily medications. **You must complete the Med. Consent (pg.3)*

AUTHORIZATION
 In the event my child requires emergency medical care (as determined by the camp administration) while he/she is under camp jurisdiction, I authorize the doctor(s) and hospital to which my child is brought to perform all necessary emergency procedures and render treatment including the administration of anesthesia as necessary. I understand that attempts will be made to contact parents/guardians (or the emergency numbers listed on this form as necessary) before initiating this authorization.

Medication Consent Form 2019

New Jersey State Law requires the use of a written consent form in order to dispense any medication to minors in camp. This includes all over-the-counter medications (Tylenol, Advil/Motrin, decongestant, cough medicines, eye drops, etc.) as well as all prescription medications. This form **must be signed by both the parent and the doctor if you want to allow your child to be given ANY medication; there can be no exceptions and no telephone (verbal) permission.** Under no circumstances will medication be dispensed without proper documentation. This permission form will remain in effect for the camp season indicated (June-August). Any medication sent to camp must be in the original container appropriately labeled by the pharmacy or manufacturer. A new form must be filled out for each new camp year. *If you are requesting no medication for your camper, please write "NONE" across the form and the parent must sign at the bottom.*
